ESSAIS SUR LA NOUVELLE ET L'ANCIENNE EUROPE

Dear Colleagues,

It is my pleasure to invite you for the discussion and book presentation

**"The European Nightmare"**

that I will host on Tuesday **October 24th from 15.00 in room LOW S4.3.**

The keynote speaker will be **Prof. Dr. jur. Markus Kerber** from Technische Universität Berlin followed by **Derk Jan Eppink**, former MEP

The topic of the discussion will be the provoking and extraordinary book from Didier Modi (alias) called "The European Nightmare".

The author of the book, under the pseudonym "Didier Modi", unravels the secret of functioning of the European Union behind closed doors and official statements. The aim of his book is nothing else than to allow the readers to see yet another view of European Union reality by describing the internal functioning of the Brussels machinery, the hidden powers that reveal the actions of the various actors in this never-ending political process. Mr Kerber is the publisher and translator of the text to which Mr Eppink contributed with a foreword.

"The European Nightmare" is not anti-European, as the name may imply. On the contrary, the author as a high-rank French senior official with professional experience from the Commission, the Council and the Parliament offers internal views that raise concerns about the certain elements of the European unification process.

I hope you will be able to join us for what will prove to be an exciting and insightful discussion.

Sincerely,

**Richard Sulík, MEP**
